

DAIRY CATTLE

LACTATING & DRY COWS, GROWING HEIFERS & CALF STARTERS

FEEDING DIRECTIONS: BIO-MEAL is designed as a feed ingredient, to be added into a TMR, top dressed or included within a blend. It can be used to make specialized feeds and unique rations.

BENEFITS & FEATURES:

- ❖ **Reproduction.** Reproduction requires omega fatty acids, BIO-MEAL contains omega fatty acid, linolenic, this aids in improved conception rates, and overall herd health.
- ❖ **Increase milk yield.** Enhances milk performance
- ❖ **Palatability.** Stimulates feed intake and promotes efficient rumen fermentation. Cows like to eat it!
- ❖ **Environmentally Friendly.** The added energy in the canola meal helps reduce the amount of ammonia escaping the rumen. Reduce methane production
- ❖ **Contains by-pass protein.** Essential amino acids are metabolized in the small intestine instead of the rumen. Providing a source of essential amino acids for production. This is especially beneficial in young stock and high milk producing cows.
- ❖ **Excellent source of essential minerals.** BIO-MEAL is an excellent source of phosphorus (0.93% of DM), sulfur (0.85% of DM) and selenium (1.3 mg/kg).
- ❖ **Flexibility in feeding.** Dry and free flowing, which simplifies feeding and storage
- ❖ **Reduce feed costs.**

FEEDING RECCOMENDATIONS:

❖ Lactating & Dry Cows

Feed up to 300 grams of added oil/cow/day from all added sources. BIO-MEAL can be used up to 20% of concentrate or oil limit, whichever is reached first

❖ Calf Starters

❖ Growing Heifers

**Suggested feeding rates are used as a guide only, and many other factors may have an overriding effect on animal response; no performance guarantee can be given. Rations should be carefully balanced with your nutritionist.*

IMPORTANT INFORMATION:

1. BIO-MEAL should be stored out of direct sunlight and in a cool and dry place.
2. BIO-MEAL should be consumed within 3 months of delivery.
3. BIO-MEAL can be purchased all year round, in bulk, or convenient mini bulk packaging. Larger bulk quantities can be delivered direct to farm.

Ingredients: pure, natural, mechanical pressed canola meal.

This feed does not contain any chemicals, bleaching clays or add backs from screened material.
